

AHSI HIGH POINT FUN SHOW

Located at Prairie Rose Arena

11045 NE 56th Street
Elkhart, IA 50073

INFORMATION FOR YOU TO HELP YOU KNOW WHAT TO EXPECT AT OUR NEW VENUE FOR TWO OF OUR FUN SHOWS.

ARENA: Safe, consistent footing – every time, every ride.

No sunburn, no dust, no wind. Fully-insulated building. Indoor summer temps have never gone over 80 degrees. The 100'x250' arena (length of arena is flexible) with additional 250'x30' staging area offers enough space to keep all your riders under cover in case of inclement weather.

130'x40' outdoor warm up arena, plus you're welcome to ride anywhere on the 18 acre property (alfalfa hay field).

STALLS: This is a facility that is better done by showing out of your trailer. You are able to bring your equipment and horse into the south side of the arena. There is a tie up area there. If you plan to come the night before there are pens for your use.

Thirty covered pens for overnight stays. They are dirt floors and open air pens. You may use shavings for bedding. Responsible for throwing manure out in the hayfield when done. Do not need to clean out completely.

PARKING: Trailer parking is in the hayfield north and south of the building. In very wet weather the south lot will be squishy. Pay attention to the parking signs. Cars and trucks without trailers can park in a double line on the gravel drive which circles the arena.

CAMPING: Electric hook-ups are available for overnight. There are 10 available at \$25.00 per night. If you are staying overnight you must pay for a stall for your horse(s).
